

Natural Certification for Food Materials

This Certificate is valid for 2012.

Natural Certification for Food Materials

We hereby certify that the following material is completely derived from plant sources and contains no artificial flavor, ingredient and/or filler as defined in 21 CFR 101.2 and no artificial flavor, ingredient and/or filler has been added to it. We also certify that we do not employ processing methods where the product is irradiated. All products have not been exposed to or treated with industrial wastes or sewage. Products include:

Natural Condition Prunes
Bagged Prunes*
Bulk Prunes*
Canned Prunes
Prune Juice
Prune Concentrate
Fresh Plum Puree
Raisin Concentrate

**may contain added potassium sorbate as a listed ingredient*

The aforementioned food material meets all applicable standards of identity, pesticide tolerances and mandatory inspection requirements defined in the Code of Federal Regulations as well as the Dried Fruit Association of California. The food material has been processed in a manner consistent with Good Manufacturing Practices (GMP) and is of a purity level which is safe for its intended use in food and is safe for human consumption.
